

Power-interface system DSC

**8A relay-contact output or
short-circuit proof 4A power-optocoupler
Input and output voltage from DC12V up to AC230V
LED indication of input signal and short-circuit**

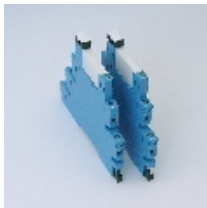

4-Interface-module DSC-System

**4 interfaces in one 22.5mm DIN housing
Relay-contact output or short-circuit proof power-optocoupler
LED indication of input signal**

Interface-module DSV

**Compact 12.5mm DIN-rail housing
Relay-contact output or optocoupler
LED indication of input signal**

Relay-interface DSR

**Ultra-compact 6.2mm DIN-rail housing
LED indication of input signal
Plug-in relay 6A/AC250V
ADC12V, ADC24V und AC230V input voltage**
