

Compact power supply unit NTX

Compact size DIN-rail mounting, width 35mm
DC24V, 160mA output voltage
Short-circuit-proof
Mains filter included

Compact power supply unit NTA24/NTA24S

Compact size DIN-rail mounting
DC24V, 1.4 A output voltage unstabilized or
DC24V, 0.8 A output voltage stabilized

Compact power supply unit NTSR

Ultra compact size, width only 22.5mm
DC24V, 70mA smoothed output voltage
Mains filter included
Permanently short-circuit proof

Compact power supply with switching relay DNEZ5

Power supply DC24V for small components e.g. proximity switches or light barriers
Compact 45mm DIN-rail housing
Internal switching relay with 2 change-over contacts
DC24V/100mA stabilized and short-circuit-proof output voltage
